

**CITY OF VILLA PARK
MEMBER OF THE CITY COUNCIL**

DEBORAH PAULY

OCCUPATION: Community Volunteer

Service, honor and integrity are my way of life.

I served honorably in the U.S. Air Force in Public Affairs. I'm a summa cum laude graduate of Southern Illinois University, studying Mass Communications and Political Science. I've run my own successful public relations company in Washington D.C.

Since arriving in Villa Park, I've chaired the school district's legislative coalition, leading Sacramento lobbying trips in an effort to eliminate constraints counterproductive to local control of our schools. I've worked with VP's Community Services Foundation, spearheading fundraising for its premiere gala and 2004 event. I worked with many talented citizens to direct entertainment for 2003's Boat Parade.

When I was named 2003 Woman of the Year, 60th Assembly District, it encouraged my pursuit of service in the public policy realm.

As your representative, I will dedicate myself to preserving the country appeal and spacious lots that set us apart from surrounding cities; providing a safe, self-sufficient and well-maintained community; overseeing our fiscally conservative approach to governance; investigating creative solutions to ongoing infrastructure refurbishment; supporting the friendly, small-town atmosphere through Foundation events; and facilitating increased communication between our citizens and their representatives on the council.

I respectfully ask for your vote.
